

# Guidance for Auditors

- Each document contains a document metadata header:

```
L05 5.1 EVI 1
|   |   |   |
|   |   |   | Additional identifier for this specific document class
|   |   |   |
|   |   |   | Document type (EVI: evidence; SC: secondary content, not direct EVI)
|   |   |   |
|   |   |   | Corresponding subsection of learning objective (can be multiple)
|   |   |   |
|   |   |   | Corresponding learning objective (1-5)
```

- (Y&P) refers to the textbook of the course: Software Testing and Analysis: Process, Principles, and Techniques by Pezze and Young
- Where we refer to **folders** (e.g. `L02/T13`), this is contained in the `testing` folder in the repository on GitHub.
- Any other documents referred to are likely to be in the `testing/documents` folder.
